Mood Board

Logo Structure

Logo Type: Combination Mark

The Protingent logo is a combination mark, featuring a geometric icon/symbol alongside the wordmark.

The icon features a gradient of lime green to teal, adding a dynamic, innovative feel.

The logo represents a balanced blend of professionalism and modernity through its clean design, typography, and color choices.

Logo Variations

The vertical orientation of this logo, with the geometric symbol placed above and the wordmark "PROTINGENT INDIA LLP" below, creates a balanced and modern look. This design is versatile and can be effectively used in professional documents, business cards websites, and promotional materials where clarity and a sleek visual presentation are essential.

In the horizontal variation, the symbol is positioned on the left with the wordmark aligned to the right, creating a streamlined and cohesive look. This layout is ideal for website headers, email signatures, and documents where space is more constrained horizontally.

The circular variation, with the symbol and wordmark center-aligned inside a gradient-bordered circle, creates a unified and visually striking presentation. This format is perfect for app icons, badges, and profile images, offering a modern, cohesive identity across digital platforms.

Usage Guidelines - Symbol

The geometric icon symbol can be used as a standalone symbol. The icon should be center aligned inside the circle with same distance from all sides as the size of the icon itself.

This can be used in the following cases:

1. It can be used as a profile image for social media pages, App icon on playstore, profile pictures on whatsapp groups etc.
2. It can be used as watermark on print collaterals like corporate stationery.
3. It can be used on cover images for FB, youtube where Protingent logo is already displayed in profile image.
4. It can be used as a design element to add aesthetics to brand creatives.

Usage Guidelines - Logo

Clear Space: Ensure a minimum clear space equal to the height of the symbol in the logo around all sides, free from any text or graphics.

Size Restrictions: The logo should not be scaled below 1 inch (2.54 cm) in width for print and 72 pixels for digital use to maintain legibility.

Color Variations: Use the full-color version of the logo on light backgrounds, and opt for the white or monochrome version on dark backgrounds to ensure visibility.

Background Restrictions: Avoid placing the logo on busy or highly textured backgrounds that compromise its clarity.

No Alterations: Do not modify the logo's proportions, colors, or elements. This includes stretching, rotating, or applying effects such as shadows or gradients.

Similar usage for other variations is acceptable

Avoid Incorrect Usage of Logo

The logo is not to be mistreated.

Shown alongside is the improper usage of the logo. Ensure the structure of the logo, the colours and font size and shape needs to be maintained at all cost.

Logo Placements for Social Media Creatives

Shown below are the 3 formats of placing the logo on creatives. Placemnet can remain the same i.e on top left corner of the creative/post. The logo inside circle, vertical orientation or just the standalone symbol can be followed for clarity and proper readability.
